FOR IMMEDIATE RELEASE - May 23, 2016

DESPITE premiere 'As You Bleed' music video - new full-length album "Synergi" out July 22, 2016

Gothenburg, Sweden's **Despite** has officially premiered a new music video for '**As You Bleed**'. The video was directed by Despite vocalist **Peter Tuthill** and filmed in their hometown, Gothenburg, Sweden. '**As You Bleed**' is the first single from their upcoming album, '**Synergi**' which will be released worldwide via Eclipse Records on **July 22, 2016**. Synergi contains thirteen powerful songs of progressive, melodic death metal produced by **Oscar Nilsson** (Engel) at Crehate Studios. The video may be watched at [this location](#).

"I'm not big on sports myself, but mixed martial arts is one of the few I genuinely like to watch" states vocalist **Peter Tuthill**. "**As You Bleed** was actually inspired by a UFC match I was watching one night. I can't relate to violence, and it's not how I see solving any problems, but as long as it's inside an octagon, I'm all for it." **Despite** features three guitarists, each playing technically-crushing riffs on eight-stringed Schecter guitars tuned a full octave below standard guitar tuning (drop-e).

The album is already available for pre-order via [iTunes](#) and [Amazon](#). Either option comes with the songs "As You Bleed" and "Time Lapse" as instant grat tracks! The album is also available via [Google Play](#). Additional options and information about **Synergi** will be forthcoming at [Eclipse Records](#).
